- The truck underwent a major refurbishment during the timeframe of 2009 and 2010. In June 2009, the aerial Ladder was refurbished which included repairs and replacement of major and minor components. The assembly was sandblasted and painted. All repairs and replacements were done to NFPA standards, inspected and certified. In early to mid 2010, the body and chassis portion of the vehicle underwent major refurbishment.

Refurbishment of paint and body	Replacement of mounts and hardware	Rebuilding and replacement of Pump and Plumbing
Replacement of valves and gauges	Replacement of wiring, lights and electrical components	Painting of undercarriage, wheels etc..
Recovered interior as needed, seats, dash, dog house.	Replaced seat and three point seat belts.	Replace aerial control panel
Replaced other fuel, brake, cooling and exhaust components.		

Brindlee Mountain Fire Apparatus is one of the world's largest used fire truck sales and service companies. Based just outside of Huntsville, Alabama, the company has forty-five full-time personnel occupying over 12,000 square feet. Our mechanics, all of whom are EVT certified, perform pump tests, general repairs, preventative maintenance, and body, collision, and paint work on over 500 used fire trucks every year.
