NOTES: The truck just passed DOT inspection last month, and was maintained by a garage in New York State. The truck had brake line replacement in the rear end and exhaust pipe replacement in July of this year. The diesel tank and filters were replaced last year and it was new with custom fabrication by the builder. There is a mounted circuit breaker box which controls the internal and external outlets as well as the 6500 w quartz lights.

Brindlee Mountain Fire Apparatus is one of the world's largest used fire truck sales and service companies. Based just outside of Huntsville, Alabama, the company has forty-five full-time personnel occupying over 12,000 square feet. Our mechanics, all of whom are EVT certified, perform pump tests, general repairs, preventative maintenance, and body, collision, and paint work on over 500 used fire trucks every year.
