- Enforcer 200 Gallon Fire Extinguisher
- etc. Chassis

- Additional equipment not included with purchase unless otherwise listed. Mileage readings may not be real-time and should be confirmed.

○

The Enforcer 200 is a stationary or portable CAFS system that contains 200 gallons of foam solution. The Enforcer 200 CAFS is capable of producing up to 4000 U.S. gallons of finished foam. The Enforcer 200 produces a foam structure which can stick to horizontal and vertical surfaces thus providing a vapor barrier between the fuel and air. The Enforcer 200 CAFS has a discharge distance of up to 95 feet with the 1" Booster Line, and 120 feet with the 1 ½" Lay Flat Line. The long discharge distances allow for a safe distance between the system operator and the fire or hazard.

Brindlee Mountain Fire Apparatus is one of the world's largest used fire truck sales and service companies. Based just outside of Huntsville, Alabama, the company has forty-five full-time personnel occupying over 12,000 square feet. Our mechanics, all of whom are EVT certified, perform pump tests, general repairs, preventative maintenance, and body, collision, and paint work on over 500 used fire trucks every year.
